

Termguard Australia Conference 2007 at Coffs Harbour, 7 July 2007

Eric and Arden felt honoured to be invited to attend The Termguard Australia Annual Conference held on 7 July 2007 at Coffs Harbour, Australia. Mr. See Too Chang Wei, of Seetoo Pest Control Pte Ltd, our licensee from Singapore has also joined us in the conference.

All members of Termguard Group (Australia, USA and Asia) were treated to a sumptuous meal at a local Italian food restaurant on 6 July 2007. The delicious food, great atmosphere coupled with good wine and beer had made it a great dinner and rewards to the Termguard Team members who had worked hard over the past 1 year.

Eric has presented the latest development, trading results highlight and a special report on our most promising licensee from Japan during the conference.

The entire conference ended on high note with everybody enjoyed themselves truly although no one has won the Harley Davidson bike during the lucky draw session.
